Dear Mr. Vijayvargiya:

The Illinois EPA has reviewed the information you submitted dated July 17, 1989 and which was received by the Agency on July 24, 1989. The following additional information is required:

1. Site map including:
  - a. location of UST, stating size and contents
  - b. location of the product delivery lines
  - c. location of buildings
  - d. location of roads and sewers adjacent to property
  - e. area of soil excavation
  - f. location of soil borings, if any
  - g. soil sample locations.
2. Description of the geology of area, including depth to groundwater. State whether groundwater was encountered during excavation.
3. Analytical results of the following:
  - a. soil sampling
  - b. groundwater sampling, if applicable
  - c. sampling plan describing how samples were collected and handled.
4. Indicate volume of contaminated soil removed from site as special waste.
5. Description of actions taken at the site since July 17, 1989.
6. Tightness tests of system conducted after pipe was repaired.
7. Schedule outlining any additional activities planned at this site.

Mr. R. Vijayvargiya  
Roadway Services, Inc.
